Gentlemen

Pursuant to Subtitle D of the Resource Conservation and Recovery Act, (RCRA) of 1976, as amended, the Illinois Environmental Protection Agency (IEPA) has the duty of investigating solid waste disposal facilities and practices for comparison with "Criteria for Classification of Solid Waste Disposal Facilities and Practices", 40 CFR Part 257. This Agency has investigated your operation located in the SE 1/4, NE 1/4, Section 6, T 45N, R 12E, in Lake County and found it to violate the following criteria

Safety-Access, 40 CFR, Section 257 3-8(d)
Surface-Water, (point source discharge), 40 CFR, Section 257 3-3(a)

Due to this apparent violation, IEPA has determined that your facility be labeled an "open dump" and placed on the Open Dump Inventory for publication by the USEPA in the Federal Register in January, 1981.

Should you disagree with the Agency's determination or if you desire to modify your operation to comply with the criteria, or would like further information, contact the undersigned at 2200 Churchill Road, Springfield, Illinois 62706, 217/782-6760, within fifteen (15) days of the date of this letter. This Agency desires to work with you to upgrade your facility from an "open dump" to a "sanitary landfill" that satisfies all RCRA criteria.

For your use, copies of Subtitle D of RCRA and 40 CFR Part 257 are enclosed herein.

Sincerely,

Michael F. Nechvatal
